

NORTHWESTERN  
UNIVERSITY

# ELECTRICAL ENGINEERING AND COMPUTER SCIENCE DISTINGUISHED SPEAKER SERIES 2006 - 2007

## Jack Dongarra

University of Tennessee  
University Distinguished Professor, Member NAE  
Director, Innovative Computing Laboratory  
"The Impact of Multicore on Math Software and Exploiting  
Single Precision Computing to Obtain Double Precision  
Results"  
9 October 2006, 4:00 PM

## Biing-Hwang (Fred) Juang

Georgia Institute of Technology  
Motorola Foundation Chair Professor  
Bell Labs Fellow, Member NAE, Academia Sinica  
"Advances & Challenges in Selective Areas of Multimedia  
Communication and Signal Processing"  
20 October 2006, 3:00 PM

## Rama Chellappa

University of Maryland, College Park  
Minta Martin Professor of Engineering  
"Pattern Recognition in Video"  
16 November 2006, 3:00 PM

## Mikhail Atallah

Purdue University  
Distinguished Professor of Computer Science  
"Security Issues in Collaborative Computing"  
30 November 2006, 4:00 PM

## Bahram Javidi

University of Connecticut  
Board Of Trustees Distinguished Professor  
"Real Time 3D Visualization and Identification of Dynamic  
Biological Micro/Nano Organic Events"  
6 April 2007, 4:00 PM

## Monica Lam

Stanford University  
Professor, Department of Computer Science  
"Consumerizing PCs: From Research to Product"  
13 April 2007, 4:00 PM

## Andrew Chraplyvy

Bell Labs, Lucent Technologies  
Vice President, Optical Transport Networks Research Center  
Member NAE  
"High-Capacity Transmission Systems and Technologies"  
19 April 2007, 4:00 PM

## J. K. Aggarwal

University of Texas at Austin  
A Cullen Professor of Electrical and Computer Engineering  
"Recognition of Human Activity and Object Interactions"  
27 April 2007, 4:00 PM

## Jennifer Rexford

Princeton University  
Professor, Department of Computer Science  
"VINI: Virtual Network Infrastructure"  
17 May 2007, 4:00 PM

Lectures will be held at The Technological Institute,  
2145 Sheridan Road, Evanston, Illinois 60208 USA  
Call Brooke Hildebrand at 847-491-3451 for details.
