Dear Wei Wu,

Congratulations! You are the winner of the Photonic Devices + Applications Best Student Paper Award!

The judges said they were really impressed with the overall quality of the papers, and that it was much more difficult to pick a single winner (or even five papers that stood out) than they had anticipated.

AWARD PRESENTATION

You will receive an award certificate, as well as a mock check for \$1,000.

The award presentation is scheduled for 8:15 am on Wednesday 6 August in Convention Center Room 6A.

Please arrive in the room by 8am, and look for Zakya Kafafi. Introduce yourself to Dr. Kafafi and let her know you are the winner, and find a seat near the front of the room so that you will have easy access to the stage when she calls your name.

This is what Dr. Kafafi looks like:

PRIZE MONEY

The real check will be mailed to you from SPIE after the meeting. Please send me the best mailing address for the prize check.

Please fill out the attached form and either return it to me by mail or email, or give it to me in person in San Diego (I'll be working at the Chair Check-In Desk in the SPIE Registration area all week).

This is what I look like:

Best regards,
Jen
